SKILLS

Extensive experience as a director working in children’s content for major clients including Disney, Cartoon Network, BBC, CBC, Netflix. I am often praised for leading my team with humour and compassion and for strength in the “client-facing” aspects of the director roll. I always deliver on-time and on budget, while prioritizing the morale and well being of the team. I consider myself a strong creative collaborator, communicator and leader. I pride myself in my problem solving skills and creative conceptualizing. Finding creative solutions to problems is one my my favourite aspects of the role.
